24,000 lb. 8 Pole Lift

WHICH LIFT IS FOR YOU?

We manufacture a wide variety of lifts. Whether you are on a lake, canal, intracoastal, shallow or deep water, we have a lift that will suit your needs. At Hurricane Boat Lifts we create a boating experience that is easy and hassle-free. Choose from 8 different categories of lifts.

If you are in need of a custom lift, feel free to contact us and we will design a lift just for you.

NOTHING COMPARES TO A PERSONAL TOUCH AND ATTENTION TO DETAIL TO ACCOMPLISH EXCELLENCE BETTER THAN THAT WHICH IS DONE BY THE SIMPLE USE OF OUR OWN HANDS.

Only a **SELECT** few make it to become a Hurricane Boat Lift welder. All of our welders are trained and **CERTIFIED** to exceed the welding requirements of the American Welders Society. Many admire the **QUALITY** and **PERFECTION** of our precision

welds. We invite you to see for yourself the **EXCELLENCE** of a **HURRICANE** Lift.

**HURRICANE MACHINISTS’
CRAFTSMANSHIP AND ATTENTION
TO DETAIL GIVE YOU NOTHING LESS
THAN A MASTERPIECE. WELCOME TO
THE EXCELLENCE OF HURRICANE
BOAT LIFTS.**

Hurricane Boat Lifts brings you the **FUTURE** of boat lifts today. We **MANUFACTURE** every aluminum part that we put into our lifts. One look at a Hurricane Boat Lift and you will see the **QUALITY**, **PRECISION** and **PRIDE** put into every lift we build.

ELEVATOR LIFT SYSTEMS

CATEGORY

For those who demand the very best in an elevator lift, we use Nylatron cupped wheels and stainless steel wheel brackets on all of our elevator lifts. We are the only manufacturer with adjustable cable keepers standard on all of our elevator lifts. We are the number one manufacturer of elevator lifts in Florida, if not throughout the world.

STANDARD FEATURES:

- Elite Head Unit with Adjustable Cable Keepers
- Oversized Grooved Winders
- Half Wrapped Carpeted Bunks
- Stainless Steel Brackets
- Cupped Nylatron Wheels
- Maintain Switches
- Universal Mount for Dock or Seawall

need to shoot

Marine Flat Plate Drive

This flat plate is available for lifts up to 16,000 lbs. The flat plate has been around for over fifty years. Available in galvanized or stainless steel, this flat plate has stood the test of time and delivers quality and cost effective lifting power. Comes with a warranty up to 25 years.*

ASM EBD Drive

This gear is an enclosed belt drive system that is double the speed of the flat plate gear. The gear features a double sealed output shaft, rigid cast aluminum case and has speeds up to 47" per minute. Available on lifts up to 13,000 pounds. Comes with a 5 year warranty.*

Hurricane Direct

This is our most popular gear with safe, quiet operation. This gear has been reliable and is aesthetically pleasing. This gear contains both a bronze worm gear and a bronze main gear providing years of safe operation. Comes with a 5 year warranty.*

Hurricane UHS

This Ultra High Speed (UHS) gear comes in a sleek design. The UHS gear is fast, quiet, maintenance free and will provide you years of trouble free service. The UHS gear is available in speeds up to 80" per minute depending on the weight of the vessel. Comes with a 5 year warranty.*
